From The Rabbi's Desk

Noach is introduced by the Torah as a צדיק תמים - one who is perfectly righteous. Because of this, he is chosen to be the savior of mankind and the animal kingdom. As per Hashem's commandment, he toils for 120 years building the ark and then spends another year tending to the needs its passengers. He is the only person ever to have saved the world. With this in mind, it is difficult to comprehend how this accomplishment is followed Noach's subsequently leaving the ark, planting a vineyard, and getting drunk. How can someone on such a high level descend so low?

One can suggest that perhaps Noach felt that he had reached the pinnacle of accomplishment and lost his focus. After all, what does one do as encore to saving humanity? The answer should have been to keep growing and to continue to be an עובד השם in whatever circumstances life presented him with. After התרחק לפניהם ויהי תמים אברם was told to fulfill the commandment of circumcision and then you will be perfect, he continues his spiritual work and passes several tests including עקידת יצחק. We do not know of anything that Noach accomplishes in the hundreds of years that he lived after the flood.

As long as we live, we need to be growing. There is always another mountain to climb, project to start, interest to pursue. We should never rest on our laurels and be satisfied with what we have done, but rather be focused on what we can do. This is our duty on this earth.

Kiddush

The Kiddush today is sponsored by the EDOS Women's Auxiliary and EDOS Kiddush Fund.
