*May this Rosh Hashanah and Yom Kippur be a time of much growth, learning, meaningfulness, and as well spiritually uplifting time for all of us as individuals, and as a community. May the Yomim Noraim Davening, Singing, and Learning, be a time of growing closer to Hashem and helping us in continuing to strengthen our relationships on a communal level.*

*We wanted to take the opportunity before Rosh Hashanah and Yom Kippur to ask for Mechila from the EDOS community for anything that we might have done during this year, and to wish each of you a Gut Gebensched Year. With responsibilities come challenges, and we are certain that there were times when we might have wronged, insulted or simply made omissions or mistakes. Our intentions as a Board were always to represent and have the best interest for EDOS and the entire membership in mind.*

*With Hashem's help this should be a year full of much Simcha and Bracha in all of our lives. We hope that all of our Tefillos will be answered Ltovah during this time of year, and throughout the entire coming year. We wish each and everyone of you a Shana Tova U'Metuka. May each of us be blessed with a good and sweet year, and may all of our requests be answered Ltovah.*
